

OPB – Splash proof cover

HOME > CATEGORIES > VENTILATION, HEATING AND LIGHTING OF CABINETS > OPB – SPLASH PROOF COVER

It is used for additional protection of ventilation grilles or fans. The cover provides mechanical protection and improves tightness by protecting against adverse weather conditions such as rain, snow, splashing water. Covers are compatible with the filter fans and exit filters listed in our offer.

- OPB – Cover made of steel sheet, powder painted
- OPB - OH – Cover made of stainless steel 1.4301 (AISI 304)
