

PPL - Laptop shelf

[HOME](#) > [CATEGORIES](#) > [CLOSING SYSTEMS](#) > [PPL - LAPTOP SHELF](#)

It is used for easy and reliable placing of a laptop during switchgear servicing. Normally mounted to the internal side of enclosure door. For mounting the shelf in the RS, SZ, RR, PS type of enclosures, three mounting supports P-1 or P-2 should be used. Shelf is made of 1.5 mm thick galvanized steel sheet, powder painted on RAL7035_GS colour.
